XV. The Bernard E. Stoloff Collection of Clippings of China Philatelic Subjects/Topics.

+Bernard Stoloff compiled over a thirty-some span of years (1950s-1980s) a series of subject/topic notebooks of clippings of articles from various journals. These can provide a significant thematic research source for the China collector.

+Listed here are the subject/topic notebooks into which the collection is arranged. The Library has Descriptive Lists for each notebook showing the specific articles or other materials included in that notebook. Most lists are one page; multi-page lists are noted. Notebooks contain from one or two up to 30-40 clipped articles.

+It is envisioned that members will order a Descriptive List(s) and then order specific articles. These will be copied for the member at ten cents per page.
