Introduction

This cumulative Index is a combination of the previous Index for Volumes 1-23, by J Negus and the 16 supplements by J A Randall and the current compiler.

An attempt has been made to correct errors where found, but the original Journals have not been checked for every entry.

To reduce the number of pages, stamps issued after 1954 are not mentioned where they only appear in the New Issue Lists. They can generally be found in a few Journals after the date of issue until December 1988 when the NI lists were discontinued.

System of reference

CSB No.x/y	Refers to the City of London Philatelic Society (China Section) Bulletin whole no., then page number for Nos.1-52
CSBx/y	Refers to the China Section Bulletin, Volume No., then page number. Nos.1-52 above were counted as a hypothetical "Volume 1"
x/y	Refers to the Journal of Chinese Philately, Volume No., then page no.
ES/x	Refers to the Exhibition Supplement, October 1960, then page no.

Notes: 1. Abbreviations used with some values are: c = cents; cand = candarin; Y = Yuan (China) or Yen (Japan).
